

# SCCER SoE Annual Conference 2020

## Save the Date

### Hydropower and Geoenergy in Switzerland: Results and Perspectives

2 November 2020  
online

The final SCCER-SoE Annual Conference 2020 provides an overview over the past eight years, presents insights into our research highlights and ventures a brief look into the future.

Due to the Corona pandemic and the final SCCER-SoE Annual Conference 2020 will be held online.

Supported by:

Schweizerische Eidgenossenschaft  
Confédération suisse  
Confederazione Svizzera  
Confederaziun svizra  
Swiss Confederation

**Innosuisse – Swiss Innovation Agency**

## Programme

The Annual Conference presumably starts at 9:00 and ends at 17:00.

Presentations will cover the major results of eight years SCCER-SoE: What have we achieved? How can hydropower and geenergy contribute to reach the Swiss climate goal of net-zero emissions by 2050? On this occasion we will present a number of White Papers that summarize our findings for the interested community.

## Posters

There will be no poster session at the Annual Conference 2020.

## Registration

Registration is required to attend the SCCER-SoE Annual Conference 2020. We will open the registration in October. The participation is free of charge.

## Location

Due to the Corona pandemic, the Annual Conference 2020 will take place **entirely online**. More details will be provided after registration.
